**III. DISCUSSION****Oversight hearing pursuant to R.S. 49:966 on the Louisiana Department of Wildlife and Fisheries proposed administrative rules regarding Special Bait Dealer's Permits (LAC 76:VII.329)**

Tyler M. Bosworth, LDWF, 2000 Quail Drive, Baton Rouge, LA 70808, spoke for information only and introduced a Notice of Intent to address live bait sales during closed shrimping season via a special bait dealer's permit, stating that the original issue was the lack of provisions allowing sales of live bait from vessels, forcing cumbersome enforcement workarounds.

Clay Boudreaux, Bayou Log Cabins LLC., 200 West Kass Lane, Port Sulphur, LA 70083, spoke for information only, pointing out that a two-mile buffer would make his business unviable and suggested a half-mile buffer, arguing he avoids undercutting marinas and serves unmet bait demand. Mr. Boudreaux also emphasized the large investments required for both boats and marinas and pointed out that his operation helps meet demand when local marinas run out of live bait.

Michael Guidry, 198 West 157<sup>th</sup> Street, no city and state provided, spoke for information only, opposing the rule change entirely, citing concerns over tax reporting, enforcement, and the fairness to established marinas. Mr. Guidry insisted marinas do not run out of bait and argued that opening sales on the water introduces unfair competition and complicates regulatory tracking.

Representative Orgeron offered a motion to accept rule with two mile buffer added, to which Representative Braud objected. Representative Braud offered a substitute motion to accept the rule with a 3/4 mile buffer added. Without objection, the motion passed by a vote of 10 yeas and 0 nays. Representatives Orgeron, Braud, Carrier, Coates, Dewitt, Domangue, Kerner, Mack, McCormick, and Riser voted yea.

Witness cards submitted by individuals that did not speak are as follows: 1 for information only. Witness cards are included in the committee record.
