Section 5. Funding; definitions; emergency telephone service charge

A. As used in this Section, the following words and terms shall have the following meanings, unless the context clearly indicates otherwise:

* * *

(4) "Exchange access facilities" means all lines ~~or their equivalent wireless service~~ provided by the service supplier for the provision of local exchange service.

(5) "Service supplier" means any person providing ~~(a) a landline exchange telephone service or (b) cellular telephone or telecommunications service, specialized mobile radio service, personal communications service, or any form of wireless telephone or telecommunications service now in existence and that may be provided or developed in the future,~~ and to which subscribers to such services have access to and can utilize a 911 emergency telephone system to any service user throughout the district.

(6) "Service user" means any person, not otherwise exempt from taxation who is provided ~~(a) a landline exchange telephone service or (b) cellular telephone or telecommunications service, specialized mobile radio service, personal communications service, or any form of wireless telephone or telecommunications service now in existence and that may be provided or developed in the future,~~ and to which subscribers to such service have access to and can utilize a 911 emergency telephone system in the district.

* * *

B. Emergency telephone tax

(1) The governing authority of the district may, when so authorized by a vote of a majority of the persons voting within the district in accordance with law, levy an emergency telephone service charge. The council of the city of New Orleans, when requested by a resolution of the commission, may call such a special election. Any such service charge shall:

(a) Have uniform application among service users of the same classifications.

(b) Be imposed throughout the entirety of the district to the greatest extent possible in conformity with the availability of such service in any area of the district.

(2) Such service charge to all service users shall be levied on a uniform flat-fee schedule of fixed rates for residential and commercial ~~and cellular or other wireless~~ telecommunication service provided such service charge may not exceed five percent of the tariff rate for each landline telephone exchange. ~~service or fixed location wireless service number and fifty cents per month for each cellular or nonfixed location wireless telecommunications service number.~~

~~(3) For cellular or other nonfixed location wireless telecommunications service users, such service charge shall be assessed against each cellular or other wireless phone number for which the billing address is within the boundaries of the district.~~

~~(3)~~ (3) The communication district shall not be required to convert to flat-rate service charges. If the district does not convert to flat rate, then the service charge shall not exceed five percent of the highest tariff rate. If the emergency telephone service charge is based on a percentage of tariff and the applicable tariff rate is repealed or no longer utilized, the service charge shall convert to a flat rate which equals the former tariff-based rate. The Orleans Parish

Communication District may convert to flat-rate charges that do not exceed the rate of the emergency telephone tax for exchange access facilities or their equivalent, which has been approved by the voters of Orleans Parish, for each landline telephone exchange service line or fixed location wireless service number and forty cents for each cellular or nonfixed location wireless telecommunications service number without necessity of voter approval. In order for the district to adopt flat-rate service charges which exceed such rates, such increase must first be authorized by a vote of a majority of the persons voting within the district.

~~(5)~~ (4) If the proceeds generated by an emergency telephone service fee exceed the amount of monies necessary to fund the district, the commission shall, by resolution, reduce the rate to an amount adequate to fund the district. In lieu of reducing the rate, the commission may suspend such fee, if the revenues generated therefrom exceed the district's needs. The commission may by resolution, reestablish the original emergency telephone service fee, or lift the suspension thereof, if the amount of monies generated are not adequate to fund the district.

~~(6)(a)~~ (5)(a) No such service charge shall be imposed upon more than one hundred exchange access facilities per person per location.

(b) Every billed service user shall be liable for any service charge imposed under this Subsection until it has been paid to the service supplier. The duty of the service supplier to collect any such service charge shall commence upon the date of its implementation, which shall be specified in the resolution calling the election. Any such emergency telephone service charge shall be added to and may be stated separately in the billing by the service supplier to the service user.

~~(7)~~ (6) The service supplier shall have no obligation to take any legal action to enforce the collection of any emergency telephone service charge. However, the service supplier shall annually provide the district governing authority with a list of the amount uncollected, together with the names and addresses of those service users who carry a balance that can be determined by the service supplier to be nonpayment of such service charge. The service charge shall be collected at the same time as the tariff rate or other regular charges in accordance with the regular billing practice of the service supplier. Good faith compliance by the service supplier with this provision shall constitute a complete defense to any legal action or claim which may result from the service suppliers' determination of nonpayment and/or the identification of service users in connection therewith.

~~(8)~~ (7) The amounts collected by the service supplier attributable to an emergency telephone service fee shall be due quarterly. The amount of tax collected in one calendar quarter by the service supplier shall be remitted to the commission no later than sixty days after the close of a calendar quarter. On or before the sixtieth day after the close of a calendar quarter, a return, in such form as the commission and the service supplier agree upon, shall be filed with the commission together with a remittance of the amount of service fee collected payable to the district. The service supplier shall maintain records of the amount of service fee collected for a period of at least two years from date of collection. The commission may at its expense require an annual audit of the service supplier's books and records with respect to the collection and remittance of the emergency telephone service fee. From the gross receipts to be remitted to the commission, the service supplier shall be entitled to retain as an administrative fee, an amount equal to one percent thereof.

(8) The levy of any emergency telephone service charge on wireless telecommunications service by the district after the effective date of this Paragraph shall be pursuant to and in accordance with R.S. 33:9109.

* * *

Section 3. Section 5(A)(1),(5), and (6) and (B)(1) of Act No. 788 of the 1979 Regular Session of the Louisiana Legislature, as amended by Act No. 441 of the 1981 Regular Session, Act No. 7 of the 1982 Regular Session, and Act No. 1241 of the 1995 Regular Session are hereby amended and reenacted to read as follows:

Section 5. Funding

A. Definitions. As used in this Section, the following words and terms shall have the following meanings, unless the context clearly indicates otherwise:

(1) "Exchange access facilities" means all facilities, ~~whether wired or wireless~~, provided by a service supplier which provides local telephone exchange access to a service user.

* * *

(5) "Service supplier" means any person providing ~~any of the following~~:

~~(a) A landline exchange telephone service.~~

~~(b) Cellular telephone or telecommunications service, specialized mobile radio service, personal communications service, or any form of wireless telephone or telecommunications service now in existence or that may be provided or developed in the future, and to which subscribers to such service within the district have access and which can utilize the 911 emergency telephone system.~~

(6) "Service user" means any person, not otherwise exempt from taxation, who is provided ~~any of the following~~:

~~(a) A landline exchange telephone service;~~

~~(b) Cellular telephone or telecommunications service, specialized mobile radio service, personal communications service, or any form of wireless telephone or telecommunications service now in existence and that may be provided or developed in the future; and to which subscribers to such service within the district have access and which can utilize the 911 emergency telephone system.~~

* * *

B. Emergency telephone tax

(1)(a) The commission may, when so authorized by a vote of a majority of the persons voting within the district qualified to vote at an election for the purpose in accordance with law, levy an emergency telephone tax in an amount not to exceed:

(i) Five percent of the tariff rate if the tax is levied as a percentage of the tariff rate. If the district is served by more than one landline service supplier, the emergency telephone tax shall be based upon the highest tariff rate.

(ii) One dollar per month for each ~~wired or wireless~~ residential line, and two dollars per month for each ~~wired or wireless~~ business line. ~~The monthly service charge for cellular or specialized mobile radio service used at a nonfixed location shall be equal to the amount of the residential charge.~~

(b) The district may convert to flat rate taxes that do not exceed its previously authorized rate. The district shall not convert to flat rate taxes that exceed the previously authorized rate without being authorized to do so by a majority in number of the qualified electors of the district voting on a proposition providing for such increase at an election held for that purpose.

~~(c) The commission may, at its option, defer imposition of the emergency telephone tax on cellular and specialized mobile radio~~

~~service users where such use is at a nonfixed location. For cellular or specialized mobile radio service users, if use is at a nonfixed location, such tax shall be assessed on each cellular or specialized mobile radio phone number for which the billing address is within the boundaries of the district. No such tax shall be imposed upon any wireless exchange access facility for any entity which holds eligibility in the Public Safety Radio Services as defined in 47 CFR 90.15 et seq.~~

(d) (c) The commission may, upon its own initiative, call a special election and submit to the qualified voters of the district the question of authorizing the levy or increase of such a tax. The commission shall call such a special election when requested to do so by petition in writing signed by one-fourth of the electors qualified to vote at such election.

(e) (d) Any such tax shall have uniform application among service users of the same classification and shall be imposed throughout the entirety of the district.

~~(f) If the district elects to apply the tax to service users of cellular telephone or telecommunications service, or specialized mobile radio service, which is not capable of providing automatic number identification (ANI) and automatic location identification (ALI), the total amount of taxes received by the district at that time shall not be increased as a result of the levy and collection of any such tax from any such users. To accomplish this, the district, at the time a tax is first levied and collected from such service users, shall make a one-time reduction in the amount of the tax rate on service users as defined in Subparagraph (a) of Paragraph (6) of Subsection A so that the total amount of taxes received by the district are not increased as a result of the levy of the tax on the additional users. Thereafter, such tax rates shall remain in effect unless changed or increased in a manner provided by law.~~

(e) The levy of any emergency telephone service charge on wireless telecommunications service by the district after the effective date of this Paragraph shall be pursuant to and in accordance with R.S. 33:9109.
