On page 140, between lines 3 and 4, insert the following:

"§1171.1. Purpose; intent; insurance and R.S. 40:1157.3 not affected

The legislature recognizes that confidentiality protection for information related to human immunodeficiency virus (HIV) infection and acquired immunodeficiency syndrome (AIDS) is an essential public health measure. In order to retain the full trust and confidence of persons at risk, the state has an interest both in assuring that HIV test results are not improperly disclosed and in having clear and certain rules for the disclosure of such information. By providing additional protection for the confidentiality of HIV test results, the legislature intends to encourage the expansion of voluntary confidential testing for HIV so that individuals may come forward, learn their health status, make decisions regarding the appropriate treatment, and change behaviors that put them and others at risk of infection. The legislature also recognizes that confidentiality protections can limit the risk of discrimination and the harm to an individual's interest in privacy that unauthorized disclosure of HIV test results can cause. It is not the intent of the legislature to create any new right, right of action, or cause of action or eliminate any right, right of action, or cause of action existing under current law. It is further not the intent of the legislature that this Chapter repeal, amend, or in any way affect the provisions of R.S. 40:1157.3 relative to the ability of a physician or employee of a hospital who may become infected with ~~the human immunodeficiency virus~~ HIV to test the blood of a patient without the patient's consent. The legislature further finds that a clinical preceptor nurse aide training program operated by the Louisiana ~~Technical and Community~~ Community and Technical College System in conjunction with nursing homes located throughout the state not only provides a viable method of training but also provides such training at a considerably lower cost than the traditional method of training.
