§960. Office of information and regulatory affairs

A. The Legislature of Louisiana makes the following findings:

(1) Executive branch agencies should promulgate rules only when required by law, when necessary to interpret law, or when made necessary by compelling public need.

(2) An efficient regulatory planning and review process is vital to ensure that the state's regulatory system best serves the people of Louisiana.

(3) Coordinated review of agency rulemaking is necessary to ensure that regulations are consistent with applicable law and the principles set forth in this Section, and that the decisions made by one agency do not conflict with the policies or actions taken or planned by another agency.

(4) The office of the governor is an appropriate agency to carry out the review function.

B. The governor may establish in the office of the governor an office to be known as the office of information and regulatory affairs.

C.(1) The office of information and regulatory affairs shall enhance planning and coordination with respect to both new and existing rules, to restore the integrity and legitimacy of regulatory review and oversight, to make the process more accessible and open to the public, and to make more efficient the regulatory rules promulgation process.

(2) The office of information and regulatory affairs may be charged with the following duties:

(a) Identifying regulations that impose significant or unique burdens on governmental entities and that appear to have outlived their justification or be otherwise inconsistent with the public interest.
