

NEWS RELEASE

Louisiana House of Representatives

March, 10, 2020 • Contact: Cory Stewart (225) 342-9795

For Immediate Release

Statement from House Speaker Clay Schexnayder

“Yesterday marked the beginning of the 2020 Regular Legislative Session. While Louisiana faces many challenges, we have a unique opportunity to move our state forward and I am optimistic and encouraged at the possibilities of what we can accomplish if we work together. I firmly believe that we can achieve what has been seen as impossible if we set aside petty politics and unite under the common goal of growing our economy, reducing the financial burden on families and business, and preserving our unique way of life. To do any less would be a disservice to the voters who have entrusted us with this responsibility.

You have my word, that as your Speaker of House, I will work tirelessly with the members of the House and Senate and President Cortez to find common-sense solutions to the problems we face and will never stop fighting for the people of this great state. “
