Subject: IN SUPPORT OF eliminating district 81 and merging Jefferson Parish with Orleans Parish

Good evening Representative Gallot and Speaker Tucker

I would like to write IN SUPPORT OF eliminating House district 81 and merging this district with a New Orleans state representative.

It is embarassing to be represented by a house member, who I DID NOT vote for, that proposes such outlandish legislative actions as drug testing welfare recipients and who opposes supporting the poor and indigent of the state. When I tell people who represents me in my district I am greeted with incredulous responses that politicians like this are still elected.

I also support the merger of the two parishes as hopefully a method of joining Orleans and Jefferson as part of the same metropolitan area. It is amazing how polarized the two areas are, especially since they are right next door and support each other financially. Its as if when one crosses the parish line you are entering another world and this should be addressed to bring the region together both culturally and financially.

Thank you both for your time
Regards
