**Subject:** District 81

Gentleman,

It has come to my attention that those of us living in District 81 has the dubious distinction of living in Metairie and becoming eliminated as a district and being absorbed by New Orleans, not giving us our just representation. Metairie is a separate city and is located in a different parish. I was born and raised in Bonnabel Place and now live in Bucktown. Alfred Bonnabel gave much to Metairie and Jefferson Parish and it needs to have it's own representation.

I am proud of our Metairie roots and there are some things that are not done and one is to merge New Orleans politics with Jefferson's. I am outraged and request that this email be placed into the official house record as OPPOSED to redistricting District 81. We need to be represented by a district representative that is wholly representing Jefferson Parish.

Respectfully submitted,  
Arleen Rolling Williams  
(Bonnabel heir)
